

Welcome to Esters!

I fell in love with wine for many reasons, but mostly because of the stories behind the bottles. Our shelves are filled with wines made by smaller producers, whose stories I know and love.

Many people are intimidated by wine. I want to change that. The truth is, it's just grape juice. It doesn't matter what you know. Just start talking to us. Or we'll start talking to you! Do you like full-bodied wine, or lighter styles? Do you like something more earthy or fruity? What's your budget? Let's have a chat.

The wines on our walls (and in the first part of this book) are separated by style. There's a separate section for our cellar bottles. (Something extra special for THAT kind of night.)

If you fall in love with a wine on our list, you can take it home. Nearly all our bottles are available in the retail shop.

So whether you're a novice or a Master Sommelier, I hope you'll find something unique to enjoy.

Cheers!

# Farming Matters!

Over the past couple of years, we've been making steps for a healthier planet and focusing on the farming behind the bottles on our shelves. All wines coming into Esters come from chemical-free vineyards, but we're all about finding winemakers that go above and beyond by implementing one or more of the following practices.

**Organic (CO)** - Farming without the use of chemical fertilizers, pesticides or other artificial agents.

**Practicing Organic (PO)** - Follows the above practices, but doesn't have official certification from their country, as this can be a very expensive process for small farmers and winemakers. They're still doing the important work though!

**Biodynamic (B)** - A holistic, spiritual way of farming beyond organic. Everything in the vineyard is interconnected, working in harmony with the sun, the stars and the moon.

**Dry-Farmed (DF)** - Vines cultivated without irrigation. Farmers plant a variety of drought-resistant cover crops that are mulched into the land during rainy periods.

**No-Till (NT)** - Farming without tilling or plowing. This method doesn't disturb the soil or leave it bare. It decreases erosion, runoff and weeds, AND it's a way of sequestering carbon.

**Regenerative (R)** - A way of farming that renews and heals the land. It builds soil fertility, ecosystem diversity and draws carbon down from the atmosphere through cover crops, crop rotations, compost and animal manures. This method incorporates ALL of the other farming tenets mentioned above, and it's one of the key ways to reduce global warming.

## JOIN ESTERS WINE CLUB!

---

Do you love wine and want to bring the Esters experience home with you on the regular? Join our Wine Club! Each month, two wines for the clubs are hand selected by our sommelier team: delicious, Esters-approved wines, from small producers.

We have three different options, because wine is not one-size-fits-all. Plus, get an Esters Black Card for 10% off wine in our shop, exclusive member events & cool merch! Interested? Please ask our team for more information!

## CHAMPAGNE

---

### 2024 Resolution: Drink More Champagne!

We love Champagne here at Esters. Yes, it is perfect for celebrations, but it is also an iconic, delicious WINE for any occasion. It goes with anything you want to eat and it just feels fancy. Simply popping a bottle of Champagne makes any day a good day.

One of our 2024 resolutions is to DRINK MORE CHAMPAGNE - and we want you to join us. We are taking a hint from some of our favorite wine bars by slashing prices on Champagne bottles on our list for all of 2024. Here, we are proud to offer some of the best deals in town for exceptional Champagne.

Cheers!
